## **RO-EL** | **More than 65 years of success.**

For three generations, we've built the RO-EL name over this philosophy: the very best quality, at the very best price. There is no shortcut to this expertise, passed down from grandfather to father to sons. We know what to expect and how to anticipate – preventing anything from getting in the way of our customers' complete satisfaction.

Yet after more than 65 years of success, we never lose sight of the only prevailing truth that we earn our reputation one order at a time.

RO-EL delivers the highest quality items showcasing your brand at every price point, making us industry leaders. We offer high quality products at competitive prices with endless customization possibilities. Our renowned product selection includes high performance USB drives, sleek design drinkware, the best quality umbrellas and high-end leather goods. Not to mention our exclusive RO-EL products: the tamper-evident security solution line SECURISAC and the revolutionary KLIIN reusable towels.

With large inventory at hand, our turnaround time is unbeatable. We take care of everything for our clients, making their experience hassle-free, enjoyable and profitable.

Choose success, choose RO-EL.

DRINKWARE

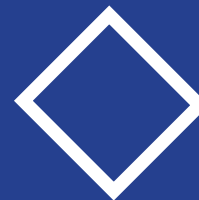

## THE IMAGEVIEW PROCESS

This creative process is exclusive to RO-EL. It is a four colour process where we print any type of artwork (the sky's the limit!) on paper. Then, we add the paper inside the clear bottle or tumbler and weld it shut. This creates a double isolation and it is a unique way to showcase your brand DNA by printing any type of image of logo.

## THE CRYSTALVIEW PROCESS

This process is another unique technique that RO-EL uses. Similar to the Imageview process, this is a two-step process. The difference is that the artwork is printed inside the drinkware cylinder and then weld shut, still creating that isolation. The benefit of using this technique is that the logo is printed on the inside of the bottle or tumbler and protected on both sides, never exposing or fading it out.

## THE IMAGEVIEW PROCESS

The exclusive Imageview process creates true magic when applied to umbrellas. We can print anything you can imagine on an umbrella making it the perfect canvas. Fully customizable, the image is printed on a single canopy with no separation and messy stitches using a four colour process. We can upgrade and customize any umbrella making it on-brand and unforgettable!
